## **Our Company**

Radiant is a green field production facility in Ras Al Khaimah, UAE, which specializes in manufacturing of flexible packaging laminates with excellent quality whilst enabling a significant reduction of carbon footprints. Our State-of-the-art production facilities can print up to 9 colors (rotogravure process) and provide customized packaging solutions. We provide value added flexible packaging products for Food, Beverages, Snacks, Nuts, Dates, Confectionery, Ice Cream, Pharmaceutical, Hygiene, PET Food, Detergent and many other Industries through out the globe. Our Substrate combinations are PET, BOPP, CPP, PERALIZED OPP, ALU FOIL, MET OPP, MET CPP, LDPE, HDPE, EVA, OPA, NYLON, PAPER, etc.

## **Quality & Environment**

Radiant ensures stringent processes & testing to meet international quality standards in the products. We are committed to reducing the carbon foot prints and closely monitor energy efficiency, waste disposal and working conditions of our employees. We provide high quality flexible packaging products with excellent service to our valued customers as a long term partner with mutual business interests. We have a highly qualified professional team to provide our clients with customized packaging solutions.

We perform the following tests to ensure Quality:

## Pouches

## Shampoo / Soaps / Detergents

# Our Machinery

## 1. Printing Machine

9 color high quality rotogravure printing machine with in-line registered cold seal facility.  
Speed: 250 meters/min, Web width: 1300 mm OD: 800mm

## 2. Inspection Machine

High Speed web inspection and Rewinding machine with synchronized Web Viewer

## 3. Lamination Combi Machine

High quality Combi Lamination Machine  
Speed- 350mpm (SL), Max Web Width- 1300mm, OD- 800mm  
Speed - 200mpm (SB)

## 4. Solventless Lamination Machine

High quality Solvent Less Lamination Machine  
Speed- 350mpm, Max Web Width- 1300mm, OD- 800mm

## 5. Slitting Machine(1)

High quality and high speed Slitting Machine for all kinds of Laminates  
Max Speed- 500mpm, Max Web Width 1300mm, Minimum Slit width-50mm.

## 6. Slitting Machine(2)

High quality and high speed Slitting Machine especially designed for label and paper jobs provided with Rotary Cutting facility.  
Max Speed- 500mpm, Max Web Width 1300mm, Minimum Slit width-25mm

## 7. Pouching Machine

High quality pouching facility for Zipper pouches, Stand pouches, Side gusset pouches and various other pouches  
Speed: 30 meters/min

# Presence around the world
